

# Superdeck® Deck & Dock Elastomeric Coating and Duckback® Anti-Skid Additive

**Two great products  
from Duckback**

**DUCKBACK**<sup>™</sup>  
Live the Outdoors!®

## DECK & DOCK - 3100 SERIES

- Surface restoration and waterproofing in one product
- Great for new or old surfaces, can be used on wood, composite, masonry and concrete
- The high build formula fills dimensionally unstable cracks on extremely damaged surfaces
- Locks down wood splinters and smooths rough surfaces
- The flexible elastomeric formula withstands extreme climates and temperature changes; it expands and contracts with the surface instead of peeling or cracking
- Maximum hide with long lasting color and protection against the damaging effects of the sun
- Formulated to resist growth of mildew & algae on the coating's surface
- Lifetime Limited Warranty
- 4 ready to use classic colors White, Adobe, Red and Brown; tintable using up to 4 oz. of universal colorant

GALLONS: 4 PER CASE: 10.4 lbs./gal. (1 cs.=42 lbs.)

CASES PER PALLET: 54 cases/pallet (or 216 gal./pallet)

CASES PER LAYER: 9 cases/layer (or 36 gal./layer)

CASE DIMENSION: (inches) 8-1/4H x 14-1/4W x 14-1/4L

5 GALLON PAILS: 50 lbs./ea.

PAILS PER PALLET: 36 pails/pallet

CASES PER LAYER: 12 pails/layer

CASE DIMENSION: (inches) 14-3/4H x 13-1/4 Diameter

## ANTI-SKID ADDITIVE - 6310

- Add to paints, stains and sealers to create a slip resistant surface
- Perfect for sidewalks, driveways, poolsides, decks, docks, ramps, stairs and more
- Made from 100% ground walnut shells
- Use one packet of Anti-Skid to one gallon of stain or sealer
- Anti-Skid product meets ADA slip resistant standards when used with Superdeck Deck & Dock Elastomeric coating
